*“There is a [federal law](https://www.hhs.gov/sites/default/files/ocr/privacy/hipaa/understanding/consumers/sharing-family-friends.pdf), called the Health Insurance Portability and Accountability Act of 1996 (HIPAA) that sets rules for health care providers and health plans about who can look at and receive your health information, including those closest to you – your family members and friends. The HIPAA privacy Rule ensures that you have rights over your health information.”*

*If you are hospitalized, the staff there cannot let us know where you are unless you request a visit. Therefore, the CTK Spiritual Care Ministry is providing 2”X3” pocket visitation request cards for you to carry with you in your wallet. Upon becoming hospitalized, just turn in your visitation request card to the admissions staff. They will forward your card to someone in their Spiritual Care office, who will then make the call to us for visitation. Hospital Visitation cards are available at both the Trenton Rd. and PA Campus Welcome desk area.*
