

CHRIST THE KING LUTHERAN SCHOOL
INTEREST INVENTORY AND VOLUNTEER SURVEY

Each year many of the programs require volunteers. We realize that many parents work; however, the success of each event depends on parents lending a hand. We encourage you to prayerfully consider giving of yourself so others may benefit. Within our school program, we work to develop a close relationship between home, school and church. We believe that this unity in philosophy, in spirit, and in effort will translate into a better program for each of our families, and at the same time give you the opportunity for meaningful involvement in this area of the church's ministry.

We are asking that each family volunteer for at least one role for the next school year. Many of these roles can be done in a short time period. In addition, some of them can be done at home, after school and during school hours. Please indicate your interest in serving in any of the following areas.

NAME _____ Phone Number _____

Christmas Program: Help with a variety of roles associated with the annual children's Christmas program.
